

**EU Directive 2012/19/EU
Waste Electrical and Electronic Equipment
(WEEE) directive**

WEEE-Reg.-Nr. DE 30876417

28.06.2017

EU Directive 2012/19/EU Waste Electrical and Electronic Equipment from 4th of July 2012

Dear Customer,

As far as the electrical and electronic equipment distributed by us falls within the scope of the EU Directive 2012/19/EU, they are

- marked accordingly by us and
- registered with the National Register for Waste Electric Equipment (EAR) under the WEEE Reg.-Nr. DE 30876417.

In our case, the main focus is on table and plug-in power supplies.

Because we cannot rule out the possibility that they ultimately end up with an end user, we have declared the parts in question as B2C devices. The end customer can dispense the appropriately marked (crossed-out wheeled bin) equipment for him free of charge in the designated public recycling stations. The FORTEC is then charged proportionately with the disposal costs.

In addition, FORTEC does not assume any additional costs nor reimburse parts or components (which do not fall under the WEEE).

For this, we refer explicitly to § 10 WEEE of our General Terms and Conditions.

If you have any questions, please do not hesitate to contact us.

Best regards

FORTEC Elektronik AG
